

## Questions and Answers from the SCRA Industry neXt Feasibility Request for Applications Information Session February 14, 2019

Q: Is the development of a program that involves equipping/testing and curriculum development covered under the scope of this RFA?

A: Testing would fall under the scope of this RFA, however curriculum development would not.

Q: Can we share the list of participants in today's Information Session?

A: We do not like to share other people's contact information without their consent.

Q: What is the best way to find collaborators for our research project?

A: Please visit the SC EPSCoR/IDeA Research Expertise Profile to identify potential collaborators - [https://www.scepscoridea.org/research\\_expertise\\_profiles.html](https://www.scepscoridea.org/research_expertise_profiles.html)

Q: How is a South Carolina-based industry partner defined?

A: The proposed industry partner must have a presence in the state.

Q: The guidance in the RFA states that publication costs are to be addressed in the Budget Justification section, yet the Use of Funds section states publication fees are prohibited. Are publication costs prohibited?

A: Yes, we apologize for the confusion. Publication costs are prohibited.
